Bird List for the

Lockyer Valley Queensland

with the compliments of

Abberton Birding

in Queensland's bird-rich Lockyer Valley

- Exceptional birding on 11 riverside acres
 - 204 spp on the Abberton list
 - 323 spp in the Lockyer Valley
- Rainforest, sub-tropical lagoons and diverse habitats nearby
- Checklists, maps and directions to local birding hotspots
- All inclusive packages or daily rates
- Combined Abberton/O'Reilly's Rainforest Lodge packages with transfers
- Personalised guiding
- Transfers from Brisbane or O'Reilly's
- · One hour easy drive from Brisbane
- Quality accommodation with private facilities
- We make you comfortable and help you to see birds!

Common Myna	1
Column 6	

Sequence and nomenclature follows Christidis and Boles, The Taxonomy and Species of Birds of Australia and its Territories, RAOU, 1994

 All of the 323 species listed have been recorded in the Lockyer Creek Catchment area since June 1973.

(Two spp indicated thus, #, are from injured or recently dead specimens)

Key to annotations:

The annotations indicate the likelihood of seeing each species in the Lockyer Valley

- 1 Should see every time, in right habitat
- 2 Likely, in right habitat
- 3 Very possible, often seen
- 4 Several records, but infrequent
- 5 Rare, or very difficult to find
- ** Has been recorded, but considered accidental/out of range

s - summer w - winter

Over 420 species have been recorded within a day's round-trip from Abberton – this list can be found on the Abberton website - www.abberton.org

If anyone has records for the Lockyer Valley which could amplify or supplement this list, please advise Bill Jolly at birdstay@abberton.org
